

GLIMPSE OF THE EVENT

Childhood is a blessing and the most enjoyable time in one's life. To honor such a moment, **Children's Day** was held on **November 14, 2022**, with tremendous festive fervor, to commemorate Pandit Jawaharlal Nehru's 129th birth anniversary. The programme began with a special assembly led by teachers, followed by informative and inspirational speeches. The cultural programme that followed comprised a variety of engaging and thrilling events that were precisely organized for complete amusement. Art competitions and a cricket match were among the events planned for students of all semester. Children enjoyed a piece of cake, and 'children's day' at school was therefore a happy ending.
